	On 07/20/2014 at 4:13am, I responded to Carbon City Rd in reference to an investigation. When I arrived on scene other officers were standing by on scene where a vehicles rear bumper along with the tag (CEZ-3532) still attached. The bumper was laying in the roadway where Carbon City Rd and Reep Dr meet. While observing the area I noticed there were tire marks in the grass where it appeared as if a vehicle ran off of the roadway. The vehicle appeared to be traveling east bound <div style="text-align: right;">** Continued **</div>

on Carbon City Rd when it was unable to maintain its travel lane and dropped off the right side of the road into a grassy area. The vehicle continued its path through the grassy area on the side of the road for approximately 150ft before hitting a ditch where the bumper was ripped off and crossed over Reep Dr. After crossing over Reep Dr, the path of the vehicle crossed back over onto Carbon City Rd and continued to travel left crossing over the double yellow line, back off of the road and into the yard of a residence. The vehicle hit a driveway reflectors traveled approximately another 100ft almost hitting a light pole and a tree further down in the yard before merging back onto Carbon City Rd.

A county Deputy on scene ran the tag on the bumper laying in the roadway and advised myself and other PSOs on scene the type of vehicle and the location of the residence. When I arrived at the residence of 315 Golf Course Rd other officers were already on scene speaking with the driver, Kelsey Stump. In speaking with Stump she voluntarily admitted that she was the one driving the vehicle. Stump stated that she had been at a party in Glen Alpine drinking alcohol. Stump also stated that she ran off of the road and when examining her vehicle the back bumper was missing, there was grass and mud in the wheel wells and the undercarriage, and she had a damaged headlight on the right front of the vehicle. Stump stated that she had not consumed any alcohol since the wreck. Due to Stump admitting that she was driving the vehicle after consuming alcohol PSO Beaver had Stump perform a series of standardized field sobriety tests (see PSO Beavers supplement). The tests were performed on a level area of the parking lot and in front of the patrol car to provide additional lighting. After Stumps performance in the standardized field sobriety tests I formed the opinion that Stump had consumed a sufficient quantity of an impairing substance such that her mental and physical faculties were appreciably impaired.

I then placed Stump under arrest for driving while impaired. I transported Stump to Burke Catawba to collect a sample of her breath by using an intoximeter instrument in which she was willing to do. PSO Beaver conducted the intoximeter testing. After the results of the instrument Stumps alcohol content was 0.09 BAC. Due to the fact of Stump being 19 years of age and under the age of 21 she is not allowed to have a alcohol content of even 0.01. I then transported Stump to the Magistrates office where she given a custody release and left with her mother from the Magistrates Office.
