	I responded to N. Green St. near Michaels St. in reference to a motor vehicle crash. Upon my arrival I observed the defendant sitting in a grassy area near the motor vehicle. It was apparent the defendant had just been involved in a vehicle crash due to her injuries. The defendant appeared to be very sleepy and slow to respond to questions and in her actions. The defendant had constricted pupils and spoke as if she had a thick dry tongue. I asked the defendant what happened

ARREST REPORT (Additional Narrative)

Agency Name	ORI	Date/Time Arrested	OCA
Morganton Department Public Safety	0120100 B0003	08/18/2014 10:26	201405457
Arrestee Name			Arrest Number
GOOD, DESTINY ESTELLE			106623

and she stated the following: she stated she was traveling up N. Green St., pulled in behind someone. She stated the driver had "brake checked" her because she was following to close. She stated she swerved to keep from colliding with the person in front of her, leaving the roadway. While asking the defendant about the crash, I did not notice any odor of alcohol about the defendants person or breath. The defendants vehicle traveled to the right of the roadway onto the curb and side walk, struck a utility pole, the vehicle rolled onto it's driver's side then spun 180 degrees as the top portion of the vehicle collided with a small tree. The force of the impact then forced the vehicle back into the roadway. The defendant stated she was driving faster than the posted speed limit. She stated she was in a rush to try and get to court for a friend of hers. The defendant was assessed and treated at the scene for the injuries she sustained during the crash. The defendant was also transported to CMC-Morganton for further medical treatment. After I gathered the necessary information at the scene of the crash, I went to CMC- Morganton to conduct a follow up. Based on the behavior and physical and mental faculties of the defendant at the scene of the crash, I requested DRE PSO Gillstrap to meet with me at CMC- Morganton to evaluate the defendant for drug impaired driving. Once I arrived to CMC- Morganton, I explained and read the Rights of Person Requested to Submit to a Chemical Analysis to Determine Alcohol Concentration or Presence of an Impairing Substance Under N.C. G.S. 20-16.2(a) to the defendant. The defendant stated she understood and consented to the blood draw. At 1130 hrs. on this date, E.R./RN, Sarah Teague drew the defendants blood into two separate viles of blood. I secured the viles of blood and placed them into the biological specimen test kit box provided by Trittech Forensics. Once the blood draw was complete, DRE PSO Gillstrap began his evaluation of the defendant. Once DRE PSO Gillstrap completed his evaluation, I provided a copy of the DHHS 4081 form and a NC Uniform Citation to the defendant and explained to her she was being charged for the suspicion dwi. The defendant remained under the care of CMC- Morganton for her injuries.
