	On the above date and time, I noticed a vehicle coming from W Fleming Dr. and taking a left turn onto Carbon City Rd. I took a right off of Sanford Dr. to get in behind the vehicle. As I was behind the vehicle I noticed the silver passenger car weaving a great deal in the travel lane. It was raining and I could visibly see the tire marks where the vehicle was weaving on the roadway. As I would get closer to the vehicle the operator would accelerate and it would start to pull

away from me. At one point I was going approximately 55 mph just to keep up with the vehicle and once I would get closer to the vehicle the operator would then decrease speed.

The vehicle then took a right turn onto Independence Blvd at a high rate of speed. The vehicle took the right going at a speed that was not reasonable due to the existing road conditions and made a wide turn almost striking the median in the roadway. It looked as if the operator was about to wreck. As I got behind the vehicle to get the tag number again the operator would continue to accelerate. Since the vehicle was weaving in the travel lane and took the right turn at a speed that was unreasonable for the road conditions and the constant increase of acceleration and deceleration of speeds I turned on my lights and initiated a traffic stop. The operator abruptly hit the brakes hard and attempted to pull off to the shoulder of Independence Blvd and then continued on. Finally, the vehicle pulled into the first entrance of Freedom High School where the operator came to a complete stop.

I approached the vehicle from the driver's side and that is when I came into contact with the operator, Corrine Harwood. Harwood then stated back to me that she had only had a couple drinks. I asked her where she was headed and she said that she was going home and had almost made it there. I then asked her where was she coming from and she stated that she was coming from Club Blue in Hickory. I told her to stay there and I would be back with her in a minute. I went back to my patrol car and that was when I ran the license plate number and the vehicle the she was driving had an expired tag and an inspection violation. I went back to Harwood's vehicle and asked her to step outside the vehicle and I began Standardized Field Sobriety Tests(SFSTs). Once she got out of the vehicle I heard her give a strange noise and I turned around and she had almost fallen. I noticed that Harwood was having trouble standing before I began the SFSTs.

Harwood did very poorly on her SFSTs and did report that she had an eye infection when doing the (HGN) Horizontal Nystagmus Test. I had Harwood step back to her vehicle and have a seat and then called for a unit with an alcosensor to come to my location. Sgt. Buchanan then arrived shortly after and administered the alcosensor. Harwood gave a very soft blow into the alcosensor and the reading still came back as a .14. I got her back out of the vehicle and placed her under arrest for DWI. I then asked her if she wanted me to tow her vehicle or just pull it into the grassy area in front of Freedom High School. She said that it was fine if I moved the vehicle. I parked it in the grassy area and then transported Harwood to Burke Catawba Confinement Facility.

I had PSO K. Puckett meet me at Burke Catawba to administer the intoximeter EC/IR 2. Harwood wanted to call her daughter to witness the testing and shortly after Candice Harwood arrived. I escorted Candice Harwood to where her mom was and we began testing. The intoximeter test came back as a .12.

I then transported her to the Magistrate's Office and told Candice Harwood that she should meet us at the Magistrate. I explained all of the events that perspired for the vehicle stop to take place to the Magistrate. Harwood was then released from my custody due to her getting a custody release. I spoke to Harwood and said that she needed to stay for a few more minutes while I wrote her a citation for the expired license plate and the insurance violation. Candice Harwood then took the subject home.
