	On 08/18/2014 at 0520 hours I responded to 380 E. Fleming Dr. to a report of a alarm. Upon arrival at Tire Specialist, there was a audible alarm. PSO Beaver and myself checked the business. The business was secure. We cleared and as I was waiting to turn out of the PVA I observed a vehicle pulled out of the area beside Tumblemania without it's headlights on. vehicle headed back into town on E. Fleming Dr. I observed the vehicle and as it approached Bethel Rd., it veered to the right nearly striking the curb. As it reached Hogan St. it made a wide turn to the right onto Hogan St., going across the on coming lane, over the curb and then abruptly pulled back right into the right hand lane. I could not get on the radio to call in the stop as there was steady traffic at the time. At this point I activated both lights and siren to initiate a traffic stop on the vehicle. I was finally able to advise dispatch that I had a vehicle failing to yield to lights and siren and gave the registration plate number and description of vehicle, along with my location. PSO Beaver was approaching from behind me. The vehicle failed to yield to lights and siren and continued on increasing it's speed. As we got to the sharp corner of Hogan St. near the rail road tracks the vehicle again made a wide turn to the right, going across the on coming lane, and then abruptly pulled back right into the right hand lane. The vehicle continued on Hogan St. and as it got to the straight away it increased speeds well in excess of the posted speed limit of 35 mph. As we passed Randolph St. the vehicle steered left into the on coming lane again to avoid a bicycle near Randolph St. At this point PSO Beaver advised dispatch he was with me and began to call the radio traffic. The vehicle got to Valdese Ave. and ran the stop sign and ran into the yard of 227 Valdese Ave. and came to a stop.

I exited the vehicle and ran to the drivers side the driver exited and began to run to the Huffman St. side of the residence into the dark. I caught up to the subject and pushed him in the back which caused him to stumble and fall into the grass. I put my weight onto the subjects back as PSO Beaver arrived at my side and did the same. I maintained control of the subject while PSO Beaver placed him into hand cuffs. I searched the subject and assisted him to his feet with the help of PSO Ennis and walked him back to my car. I asked PSO Conner to search him again and place him into the back seat of my vehicle.

PSO Ennis advised that the subject was Roger Dale Junior Brown. PSO Ennis advised he has a history of breaking and entering and larceny's. This was very suspicious as we had just cleared the alarm at Tire Specialist and he had just pulled out approximately a hundred yards below it.

The next rotation wrecker was called to tow the vehicle. While PSO Beaver did the inventory for the tow sheet, several tools were found in the vehicle. Some of which were a rubber mallet, hammer, knives, cordless drill, screwdrivers, and a tire iron hook that had rust on it, but fresh gouge marks. Brown also had a brand new set of windshield wiper blades in his rear seat.

I asked Brown if he was hurt or needed EMS and he advised he was fine and did not need medical attention. I advised Brown he was under arrest for failing to heed lights and siren.

I transported Brown to the magistrates office. While waiting on the magistrate to arrive I heard a call dispatched of a breaking and entering that had already occurred at Tire Specialist. I advised PSO Ennis and Sgt. Tripplett of my incident and the subject I had in custody that had left that area shortly after my investigating a alarm activation there.

I served two warrants for arrest on Brown. PSO Ennis then came and transported Brown to BCDF and placed him into their custody.

Brown's vehicle was towed by A & T Towing, but no hold was placed on it at that time because we did not know about the breaking and entering at Tire Specialist.
