	On the above date and time, I traveled through the PVA of Wilco Hess off of S Sterling St and noticed a white Honda passenger car with registration plate of CCY-5117. The vehicle was registered to a Cheenue Lor. CJLEADS showed Lor's license to be suspended for a previous DWI on 8/30/2014. I parked my vehicle near the front of the store and noticed Lor come out of the with a 40 oz malt beverage. Lor entered his vehicle and opened the malt beverage while still in the

PVA, then began drinking the same beverage. Lor then pulled onto S Sterling St traveling south. While Lor was on S Sterling St I could see him drink the malt beverage while driving.

When the white passenger car turned onto I-40 east bound I turned on my emergency lights. The vehicle pulled over and stopped on the ramp of I-40.

I approached the vehicle on the passenger side to avoid the traffic. I tapped on the passenger window and Lor did not respond. I tapped on the window again and Lor seemed he was unsure what to do. Lor continued to move side to side wondering if he needs to roll the window down or lean over to open the door. I finally grabbed the door handle and opened the door myself. When I did so, I noticed the 40 oz malt beverage (king cobra) I seen him walk out of the store with in the passenger floorboard with approximately half the liquid gone. I asked Lor for his license and registration, Lor responded with I don't have a license. Lor did not look for the registration. I asked Lor if the malt beverage was open and he stated that it was open. I asked Lor when he got the beverage and he stated 30 minutes ago even though I saw he come out of the store with it less than 5 minutes ago. I asked Lor if he drank the missing alcohol from the container and he stated he did. I also asked Lor how much he had to drink today and he stated about 7 beers other than what was missing from what I seen. I had to ask Lor again if he had the registration for the vehicle, he looked for a second and then stated "no".

I initiated standardized field sobriety test (horizontal gaze nystagmus, walk and turn, and one leg stand) to form my opinion on Lor. Lor performed the tests poorly and I formed the opinion that Cheenue Lor had consumed a sufficient quantity of an impairing substance so that his mental and physical faculties were appreciably impaired. PSO J Thompson initiated a Alco-sensor test to verify if Lor had alcohol in his system. The Alco-sensor confirmed the presence of alcohol on Lor's breath (.14 then .19). After Lor performed the tests he stated "I know i'm over the limit".

I arrested Lor for driving while impaired, consuming alcohol in a vehicle and driving with a suspended license. I then transported Lor to Burke Catawba for the Intox EC/IR II test to which he submitted. The Intox EC/IR II showed a BAC of .16.

I then transported Lor to the Magistrates Office where he received a \$2,000 secure bond for the above charges. I then transported Lor to Burke Catawba where he is confined.

Lor's vehicle was seized by Buff's Body Shop.
