N A R R A T I V E	I responded to the intersection of N Main St and Lexington Av. I observed two vehicles stopped in the roadway next to the curb in front of Kepleys BBQ. I rode next to the front vehicle and advised her to turn into the parking lot of Kepleys BBQ. I then looked back to the rear vehicle and motioned for her to do the same. As I received no response I backed up and observed the driver had her eyes closed and her head back in the drivers seat. I began knocking on the driver

side window and was able to get her to roll the window half way down. I asked her if she had any medical problems to include diabetes. After receiving no response I advised communications to start EMS to the scene. I then parked my police motorcycle behind this vehicle and opened the passenger side door. I began asking her questions like "Do you know where you are right now and can I call a family member?" I then retrieved her cellular phone from her purse and identified her from her drivers license as Betty Clayton. During this time Betty was moaning and had no gross motor movement. It was clear that her mental and physical facilities were impaired at this time. Her impaired condition was consistent with this type of crash. GCEMS and HPFD arrived and checked her blood sugar before transporting her to the hospital. Claytons blood sugar was at a normal level at the scene.

The other driver, Molly Slate, told me that after the crash Clayton did not move or get out of her vehicle. Clayton did not activate her 4-way flashers after impact and Slate was concerned that they would be hit again by other vehicles on Main St. Slate transported herself to her physcian for examination due to her being 6 months pregnant.

I contacted her son Shawn and boyfriend Mike on her cellular phone and they advised me that she was not a diabetic. There were several over-the-counter Rx bottles in her purse along with a bottle of Oxycodone (perscribed to her in March 2014). Officer Crouse transported her small dog to her residence and turned him over to her boyfriend. Jerry Lees Towing arrived and removed her vehicle.

Her son and boyfriend met me at the ER around 14:50hrs. I explained the events of this incident to them and gave them copies of her paperwork. At 15:00hrs Clayton`s mental and physical facilities were still in an impaired state. Shawn and Mike said that she was not normal. Medical personnel reported that she did not suffer from any medical situations.
