	On August 10, 2014 while on patrol I got behind a white Toyota Camry traveling west in the right hand lane of W Fleming Dr. The driver of the vehicle, Charlie Moua, quickly swerved toward the sidewalk and jerked the vehicle back into the center of his travel lane. Moua drove left of center, came back into his travel lane then changed lanes without signaling. Moua again drove his vehicle left of center. Moua approached Golf Course Rd and changed into the turning lane and

again did not use his turn signals.

I conducted my vehicle stop on Moua as he turned onto Golf Course Rd. Moua stopped in the entrance of McDonald`s. I approached Moua and introduced myself and explained to him why I stopped him. Moua stated the reason for the poor driving was from a tire that was not working properly on the vehicle. I could smell a strong odor of an alcoholic beverage coming from Moua`s breath and his eyes were very glassy. I explained to Moua that I could smell the odor of alcohol asked him if he had been drinking. Moua stated he hadn`t, but his friends had spilled beer inside of the car. Moua had dried mud on his hands, so I asked him where it came from and how he got it on his hands. Moua seemed caught off by the question and finally stated that he got it off of his friend that he took home. Based on my observations, I asked Moua to step out of the vehicle to perform some field sobriety tests. Moua reached over into the passenger seat and grabbed his mud covered shoes and placed them on his feet.

I asked Moua to perform a battery of field sobriety tests. Moua performed poorly on the field sobriety tests given. I asked Moua to give a breath sample for my Alco Sensor. The test results were positive for alcohol. It was my opinion that Moua had consumed a sufficient quantity of an impairing substance so that his mental and physical faculties were appreciably impaired. I detained Moua and transported him to Burke Catawba Detention Facility for additional testing. I read Moua his rights for a person to submit to chemical testing and then asked him for two breath samples for the Intoximeter EC/IR II. Both samples were .08 BAC. I transported to the Magistrate`s office where he was charged with DWI and driving left of center. Moua was given a custody release by the Magistrate and I transported him back to Burke Catawba Detention Facility and left him in their custody. Subject information is current at the time of this report.
