	On 7/14/14, I responded to a call about a vehicle accident with possible injuries. Upon my arrival, I noticed a silver SUV in the ditch facing East beside Kirksey Dr. with heavy damage on the right side and roof. Cindy Ross (the caller) reported she was traveling East on Kirksey Dr. and the silver vehicle had come completely in Ross` lane of travel at a high rate of speed and nearly ran her off the road. Ross reported that the silver vehicle was going much faster than <div style="text-align: right;">** Continued **</div>

55mph and had barely missed the front of her vehicle, nearly causing her to have an accident. After investigation, I found that Peggy Belcher was the driver of the silver vehicle. I asked Belcher what happened and Belcher reported that another vehicle had come into her lane of travel, so she ran off the right side of the road, overcorrected, and rolled the vehicle into the bank where it turned 180 degrees and came to rest. The Rescue Squad and EMS responded to the accident due to an entrapment. I asked Belcher what happened to the other vehicle, and Belcher stated that the vehicle that crossed into her lane, "wasn't even completely in our lane." Due to the nature of the accident, and my suspicion of impairment, I asked Belcher if she was under the influence of any medication, alcohol, or drugs, and Belcher reported she was not. Belcher was having trouble speaking to me and she appeared to be very confused. Belcher and Edith Peters were transported via ambulance to CMC Morganton to assess and treat their injuries. I attempted to make contact with both of the witnesses, but could only make contact with Cindy Ross (the caller). Upon my arrival at CMC Morganton, Raven Brown advised me that Belcher had just been discharged as a patient around 1000 hours this morning (7/14/14). Brown also advised me that she was told not to be driving because she was under the influence of medicine. Brown advised me that she had been given Dilaudid and Phenergan multiple times throughout the morning. Belcher admitted to being released from the hospital earlier today (7/14/14), and being given medicine. For this reason, I formed the opinion that Brown had consumed a sufficient quantity of an impairing substance so that her mental and physical faculties were appreciably impaired. I placed Belcher under arrest for DWI and when she was released from CMC Morganton, I transported her to the Magistrate's office. I took Belcher before Magistrate Webb, and I released her into the custody of John Peters under a written promise to appear. A sample of Belcher's blood will be mailed to the SBI Lab for testing.
