	I responded to the area of I- 40 eastbound entrance ramp of the 104. I had been dispatched to be on the look out for a burgandy pt cruiser driving in a reckless manner. Upon my arrival to the area, I observed the vehicle pass me along with a white full size pick up truck blowing it's horn and pointing in the direction of the pt cruiser. I gained speed to catch up to the pt cruiser. The defendant reduced her speed to approx. thirty- five to forty miles per hour and swerved to the

ARREST REPORT (Additional Narrative)

Agency Name Morganton Department Public Safety	ORI 0120100 B0003	Date/Time Arrested 08/09/2014 12:19	OCA 201405268
Arrestee Name GONZALES, ANGELA LYNN			Arrest Number 106309

center of both travel lanes. The defendant's vehicle straddled the broken white line for approx. five seconds then swerved back into the right travel lane. The defendant then swerved back over the broken white line then swerved back into the right lane of travel. The defendant then accelerated as she failed to maintain lane control swerving within her lane of travel several more times. I initiated my emergency lights to initiate a vehicle stop. The defendant exited the interstate onto the exit ramp of exit 105 (EB). The defendant made a wide turn rounding the curve of the exit ramp. Once we reached the bottom of the exit ramp I motioned for her to pull into the pva of the Quality Mart on S. Sterling St. Once the defendant pulled into the pva she parked in a designated parking space. I approached the vehicle to ascertain the defendant's license and registration. Upon approach, the defendant didn't realize I was standing at her window until I spoke and made my presence known. I requested her license and registration. The defendant produced her license upon request but was unable to concentrate on retrieving her registration as requested. The defendant had very constricted pupil's, slurred speech, slow reactionary movements and was speaking as if she had a thick tongue. The defendant also had a thick coat of what appeared to be saliva on her tongue and surrounding her lips and the corners of her mouth. I requested the defendant step from the vehicle and speak with me. I did not notice any odors of alcohol about the defendant's breath or her person. After speaking with the defendant, I requested her to perform a battery of sobriety tests. The defendant stated she would participate in the tests. The following is the battery of sobriety tests in which I explained and then requested the defendant to perform: HGN, Walk and turn, One leg stand, and a counting sobriety test using the defendant's fingers and thumb. Before the performance of each sobriety test, I instructed the defendant on how to perform them then confirmed she understood how to perform them. After the performance of the sobriety test I formed my opinion then placed the defendant under arrest for the suspicion of DWI. I made contact with dispatch and requested the assistance of Drug Recognition Expert PSO J. L. Gillstrap. PSO Gillstrap advised he would meet with me at the location of the vehicle stop. Once PSO Gillstrap arrived, I read and explained to the defendant her Rights of Person Requested to Submit to a Chemical Analysis to Determine Alcohol Concentration or Presence of an Impairing Substance Under N.C. G. S. 20-16.2(a). The defendant consented to a blood draw. I then transported the defendant to CMC- Morganton for the blood withdrawal along with DRE PSO Gillstrap. Once we arrived to CMC-Morganton we went to the lab area for the blood draw. The defendant sat and cooperated while the lab representative withdrew her blood. The two viles of blood were sealed and placed in the biological specimen box provided by Trittech Forensics. Once the blood draw was completed then DRE PSO Gillstrap began his evaluation and testing procedures. Once DRE PSO Gillstrap completed his testing procedures, I then transported the defendant to the Magistrate's Office. After leaving the magistrate's office I then transported the defendant to BCDF where she was placed under a 1,200.00 secured bond.
