N A R R A T I V E	On the above date and time, I initiated a traffic stop that involved a grey Chrysler with three male passengers inside the vehicle. While behind the vehicle I noticed the vehicle make jerky movements over the course of two miles inside it's lane of travel. turning lane to the straight traveling lane). I then initiated the stop at the PVA of Big Daddy's off of Carbon City Rd. Once I turned my emergency lights on the vehicle started slowing down and stopped on the PVA of Big Daddy's.

While I was approaching the vehicle I detected an odor on alcohol emitting from the passenger area of the vehicle through the open drivers window. I asked the driver (Joshua Wilson) for his license and registration. While Wilson was gathering the items, I asked where they were traveling from. Wilson had to stop looking for the items to answer my question. Wilson then answered stating "from my buddy's house off of Highlander St". I then asked Wilson where they were going and he stated "to my buddy's house". I asked Wilson if he had been drinking and he stated "they have but I haven't". I noticed Wilson's eyes were red and glassy.

I asked Wilson to step out of the vehicle to determine if the smell of alcohol was coming from the other passengers or him. Once Wilson was out of the vehicle I could still smell an odor of alcohol coming from Wilson's person.

I initiated standardized field sobriety test (horizontal gaze nystagmus, walk and turn, and one leg stand) to form my opinion on Wilson. Wilson performed the tests poorly and I formed the opinion that Joshua Wilson had consumed a sufficient quantity of an impairing substance so that his mental and physical faculties were appreciably impaired.

After SFST, I asked Wilson if he had anything to drink and he stated "a sip from the bar". I asked Wilson if he was coming from his buddy's house and he stated "we were coming from Ice House but we were heading to his house". PSO J Thompson initiated a Alco-sensor test to verify if Wilson had alcohol in his system. The Alco-sensor confirmed the presence of alcohol on Wilson's breath.

I arrested Wilson for driving while impaired and transported him to Burke Catawba for the Intox EC/IR II test to which he submitted. The Intox EC/IR II showed a BAC of .10.

I then transported Wilson to the Magistrates Office where he received a \$500 secure bond for driving while impaired. I then transported Wilson to Burke Catawba where he is confined. While transporting Wilson to Burke Catawba he made the statement "I barely blew though", referring to the Intox EC/IR II and the Alco-sensor.

Vehicle was left in the PVA with the two passengers (Phillip South and James Caviness). South made contact with a family member to pick them and the vehicle up.
