## ARREST REPORT (Additional Narrative)

Agency Name	ORI	Date/Time Arrested	OCA
<b>Morganton Department Public Safety</b>	<b>0120100 B0003</b>	<b>07/11/2014 23:00</b>	<b>201404495</b>
Arrestee Name	Arrest Number		
<b>HILL, GEORGE MAURICE III</b>	<b>105538</b>		

I started speaking to the defendant after he had been escorted to the PVA of the old BASF plant. I noticed that his pupils were constricted and not appearing to react to varying light conditions. His speech was raspy and low. His movements were slow and not very coordinated. There was a reddish hue around his eyes. I asked the defendant if he had any medical problems or trouble with his back and/or legs. He told me he did not have any back or leg problems. He did have several wounds to his left arm from a moped wreck that he was taking medicine for. He told me that he was taking Percoset and a couple of antibiotics. He stated he did not know how many he had eaten. He told me that he was in Glen Alpine and then that he was near the old Walmart when I asked him about where we were. He also told me that the time was 8 or 9 pm the date was the 10th and it was Wednesday. The actual time was 2307 hrs, the date was the 11th and it was Friday.

I had the defendant perform a battery of SFST's. I saw numerous indicators of impairment during his test performance. I formed the opinion that he had consumed a sufficient amount of an impairing substance to appreciably impair his mental and physical abilities. I believe that he was impaired by a controlled substance or substances. I placed the defendant under arrest for DWI at that time.

I searched the defendant prior to taking him onto the BAT Mobile which was present. In the inner left jean vest pocket was 2 crumbs of what appeared to be Percosets. There was also a yellow circular pill with the imprint of 84 and a stylized R on it. I identified this as Alprazolam (Schedule IV). The defendant stated he did not know what the pill was or how it got in his pocket.

The defendant cooperated with a drug evaluation while on the BAT Mobile. I confirmed my opinion as to his impairment and the categories of impairing substances. I then read him the chemical test rights for a blood test. He asked to call someone. I gave him access to his cell phone and he called several people. He primarily asked them to come get him out of jail not to witness the test. He talked to someone named Anita (called the person Anita as he spoke to them) and they would not come get him. He hung up and called another person. He told the new person on the phone that Anita would not answer the phone.

We arrived at CMC Morganton and the defendant provided a sample of blood for the test. The blood sample will be sent to the SBI lab for testing.

I brought the defendant to the magistrates office and he was placed in jail under a secured bond.

The defendant was very sarcastic while talking to me during the entire time we were together. He told me that he was being harassed by me that I stopped him all the time, most recently for running a stop sign. I have not stopped him for a stop sign violation and do not remember or have any record of having dealt with him before.

The Alprazolam was placed into evidence under tag # 21242.
