	On the above date and time, dispatch received a call stating a vehicle was traveling on N Green St driving recklessly and seemed to be impaired. The caller stated that the vehicle was a grey in color Jeep SUV. The caller stayed behind the Jeep until I was able to catch up to them. I was able to locate the vehicle on Sanford Dr near the Post Office and the caller stated to dispatch I was behind them. The caller was able to move so I could get behind the Jeep. While behind the

vehicle I noticed the vehicle make jerky movements over the course of three quarters of a mile inside it's lane of travel. The vehicle would jerk from the fog line to the yellow line while in the curves. While still on Sanford Dr nearing Carbon City Rd half of the vehicle crossed the fog line. I then initiated the stop at Morganton Heights Blvd just before the entrance at Golden Corral. Once I turned my emergency lights on the vehicle started weaving inside it's lane but continued to travel on W Fleming Dr. The vehicle stopped at the traffic light and while I was stepping out of my patrol car the light turned green and the vehicle started traveling on W Fleming Dr again. The vehicle then turned into the last entrance of Morganton Heights Blvd near Belks. The vehicle continued to travel slowly and finally stopped just before Murphy's gas station.

While I was approaching the vehicle I detected an odor on alcohol emitting from the passenger area of the vehicle through the open drivers window. I asked the driver (Hallie Roat) for her license and registration. While Roat was gathering the items, I asked where they where traveling from. Roat had to stop looking for the items to answer my question. I asked Roat if she had been drinking and she did not answer but instead stared blankly ahead. I asked Roat again if she had been drinking and she answered no. I noticed Roat's eyes were red and glassy. The passenger of the vehicle (Jarrett Weist) stated he had been drinking.

I asked Roat to step out of the vehicle to determine if the smell of alcohol was coming from Weist. Once Roat was out of the vehicle I could still smell a strong odor of alcohol coming from Roat's person. Sgt Lackey initiated a Alco-sensor test to verify if Roat had alcohol in her system. The Alco-sensor confirmed the presence of alcohol on Roat's breath.

I initiated standardized field sobriety test (horizontal gaze nystagmus, walk and turn, and one leg stand) to form my opinion on Roat. Roat performed the tests poorly and I formed the opinion that Hallie Roat had consumed a sufficient quantity of an impairing substance so that her mental and physical faculties were appreciably impaired.

I arrested Roat for driving while impaired and driving after consuming while less than 21. I then transported Roats to Burke Catawba for the Intox EC/IR II test to which she submitted. The Intox EC/IR II showed a BAC of .10.

I then transported Roat to the Magistrates Office were she received a \$600 secure bond for driving while impaired. I then transported Roat to Burke Catawba where she is confined.

The vehicle was towed by Hamby's.
