	On 9/15/14, I was patrolling the area of 1555 E Union St. I saw a white PT Cruiser sitting in the PVA of Bi-Lo grocery store. In the PT Cruiser, I saw a subject sitting behind the steering wheel slumped over. Due to the occupant being slumped over with the car running, I called in this vehicle to MDPS dispatch and approached the vehicle to make sure the occupant was not in need of medical attention. The driver's side window of the PT Cruiser was down. I saw a woman, who I later

Arrestee Name			Arrest Number
CLARK, MARIA CONWAY			107230

found to be Maria Clark, slumped over unresponsive with her purse in her lap. I tried to wake the occupant up by saying "Ma'am." I had to say this three times getting louder with each time, before Clark would wake up. When Clark finally woke up, I immediately noticed her very red glassy eyes, dishevelled hair, and pinpoint pupils that were completely unresponsive to light. I asked Clark if she was in need of medical attention due to her being asleep behind the wheel of a running vehicle. Clark advised that she did not. While Clark was speaking with me, she did not realize she had her foot on the gas pedal making the car accelerate to almost full capacity. I had to tell Clark that she was pressing the gas pedal before Clark took her foot off of it. Clark advised that she could not be making the car accelerate because the car was off, but I could hear the engine running, and feel the car shaking as it was accelerating. Clark then realized that her vehicle was still on. Clark immediately changed the subject and was talking about going to the bank earlier, and her being tired while at the bank. Clark acted as if she did not know where she was at, and was very confused while speaking with me. I noticed that Clark was continually scratching her neck, rubbing her nose, and being very fidgety by constantly moving. Due to my training and experience, I know these are possible signs of drug use. I asked Clark for her license. Clark could not speak to me, and look for her license at the same time. I asked Clark if she had been drinking, or if she was under the influence of any drugs or medication. Clark advised that she had taken Methadone and Xanax earlier in the day (9/14/14.) I asked Clark to get out of her vehicle so I could make sure she was alright to drive home. While she was getting out of the vehicle, she appeared to "climb" out of the vehicle, being very off balance and unsteady on her feet. Clark used her vehicle to balance while she was walking back to the front of PSO Storie's patrol car. Clark gave myself and PSO Storie permission to search her vehicle. While PSO Storie was searching Clark's vehicle, I asked Clark if she would submit to a battery of standardized field sobriety tests. Clark consented, and performed poorly on the SFST's. While I was speaking with Clark, PSO Storie located a large buoy knife in the driver's side door pocket. PSO Storie also advised me that during his search of the vehicle, he swabbed an item with a cocaine swab which indicated that the item was not crack-cocaine, but something he had touched in the vehicle had left a residue on his glove, and had indicated positive for cocaine residue. Clark advised me that she had been associating with known drug users and they could have possibly had drugs in her vehicle. Due to Clark being passed out behind the wheel of a running vehicle, her red glassy eyes, her pinpointed unresponsive pupils, her fidgeting, her confusion, her poor performance on the SFST's, and her admission to use of medication in a recent time frame, I formed the opinion that Clark had consumed a sufficient quantity of an impairing substance so that her mental and physical faculties were appreciably impaired. I placed Clark under arrest for driving while impaired. I transported Clark to CMC Morganton where she consented to a chemical analysis of her blood. Clark's blood was drawn and placed into an evidence blood kit, which I will send to the SBI Laboratory for testing. I transported Clark to the Magistrate's office and took her before Magistrate Whitesides. Clark was granted a custody release to her sister Betsy Blatz. Clark was advised of her court date and without further incident, I released Clark into the custody of Blatz.
