parking spaces. He started to get out of the vehicle and I told him to get back inside before I approached the drivers side of his car.

As I was walking up to the drivers side I saw him open the center console and then slam it shut. Once I got to the drivers side of the car I saw that the defendants eyes were bloodshot in appearance. There was also a strong odor of alcoholic beverages about him. I explained to him why I had stopped him and asked for his license. He gave me his license and told me he was trying to get back to his hotel. He stated he had been at the reality office because he had left a cap to his pen there earlier in the day. I asked him if the reality office was open now and he said it wasn't.

I administered an alcosensor test and it was positive for the presence of alcohol. I had the defendant exit the car to perform some field sobriety tests. I administered the HGN test and did not finish it due to the defendant refusing to do any more of it. I had him recite his alphabet (G-Y) and he gave me a jumbled mix of about 5-7 letters. He refused to do any further tests when asked. He told me to go ahead and arrest him if that's what I was going to do.

I formed the opinion that he had consumed a sufficient amount of an impairing substance to appreciably impair his mental and physical abilities. I believe that he was impaired by alcoholic beverages and placed him under arrest.

A search of his car revealed a small amount of Marijuana in a gold metal canister located in the center console. There was also a tobacco style pipe laying on the center area beside the drivers seat. It had a small amount of Marijuana in the bowl.

I brought the defendant to BCDF and he submitted to an intoximeter test after calling a lawyers office during the 30 minute observation period. We then went before the magistrate and he was placed in jail under a total secured bond of \$2300.00.

The Marijuana and paraphernalia was placed into evidence under tag # 21304.
