	I responded to I-40 entrance ramp east bound in reference to a motor vehicle accident. Upon my arrival I observed the defendant sitting in her vehicle. The defendant had collided with the rear portion of a white Ford pick up truck. I requested the defendant to step from the vehicle and speak with me. Upon my approach to the vehicle I observed the following: the defendant's eyes were glossy, she appeared sleepy, had slowed and slurred speech, and displayed slow reactionary <div style="text-align: right;">** Continued **</div>

ARREST REPORT (Additional Narrative)

Agency Name	ORI	Date/Time Arrested	OCA
Morganton Department Public Safety	0120100 B0003	09/01/2014 16:57	201405800
Arrestee Name	Arrest Number		
LENTZ, PENE QUICK	106995		

responses in her movements and replies. I also noticed the defendant had placed a piece of fruity smelling candy in her mouth before exiting the vehicle. Once the defendant stepped from the vehicle I continued speaking with her. I noticed a moderate odor of alcohol about her person and breath. I asked the defendant if she had been consuming alcohol and she replied, "no". I requested the defendant to stand in front of Capt. B. Christy's patrol vehicle. I then requested th defendant to submit to a sobriety test, HGN. I explained the test and then requested the defendant to perform it. The defendant stated she understood the test prior to the test. The defendant could not perform the test as requested on the first attempt therefore I explained the test once again and requested her to perform the test a secondary time. The defendant stated she understood the test prior to her performing the test a second time. Once again the defendant failed to perform this test. I then formed my opinion and placed the defendant under arrest for the suspicion of DWI. After the accident investigation was complete, the defendant was transported to MDPS for further sobriety testing. I chose to have the defendant transported to MDPS for further sobriety testing due to her impairment and the concern for her safety while on the roadside. Once we reached MDPS, I took the defendant inside and explained to her the second sobriety test I wished for her to perform. I directed the defendant to stand in the standardized position of the instructional phase for the walk and turn test. The defendant stated she understood the test prior to performing the test. After the defendant performed the walk and turn, I then explained the one legged stand test prior to her performing as well as explaining two additional sobriety test. The defendant stated she understood all of the tests prior to her performing the tests. Once the defendant completed each test I then transported her to BCDF for the Intoximeter EC/IR-II. Upon arrival to BCDF, I read and explained to the defendant The Rights of Person Requested to Submit to a Chemical Analysis to Determine Alcohol Concentration or Presence of an Impairing Substance Under N.C.G.S. 20-16.2(a). The defendant stated she understood these rights however refused to sign that she understood. I then waited the necessary time for the testing procedure and requested the defendant to submit two consecutive samples of breath. The defendant stated she would. The results were a .24 and a .23. The defendant was charged with a .23 and then transported to the Magistrate's Office and given a custody release to her boyfriend by Magistrate L. Webb.
