	On the above date and time I was patrolling W Union St. when I came upon a gentleman that had been in an accident on his moped. I identified the gentleman as Izaak Benton Watkins. Watkins said the front wheel of the moped had locked up and caused him to crash. I could smell the odor of alcohol coming from Watkins breath. Watkins said he had hurt his right knee but did not want an ambulance or to be treated by a doctor. Watkins had several scraps on both arms that were <div style="text-align: right;">** Continued **</div>

### ARREST REPORT (Additional Narrative)

Agency Name	ORI	Date/Time Arrested	OCA
<b>Morganton Department Public Safety</b>	<b>0120100 B0003</b>	<b>08/29/2014 01:56</b>	<b>201405709</b>
Arrestee Name			Arrest Number
<b>WATKINS, IZAAK BENTON</b>			<b>106874</b>

bleeding from him being intoxicated. I asked Watkins several times if he was sure he didn't want an ambulance, and he refused every time. I noticed besides the injuries Watkins seemed very lethargic, he also had glassy blood shot eyes. I asked Watkins to tilt his head back and looked up his nose and found yellow powder around and up his nostrils. Watkins tried to call some one to pick up his wrecked scooter and appeared to pass out several time while doing so(This was evident by Watkins head drooping to the point of his chin resting on his chest and his hand with the phone in it resting on his lap. I formed my opinion that Watkins was impaired on a substance other than alcohol and took him into my custody.

I then transported Watkins to MDPS HQ to do what field sobriety test Watkins could perform without standing. I advised Watkins of his legal rights and his rights to submit to a chemical analysis to determine the alcohol concentration or the presence of an impairing substance(N.C.G.S20-16.2). Watkins was able to say his ABCs starting at H all the way to Z without any problems. Watkins was able to perform the finger tip test without any problems. Watkins then submitted to the Horizontal Gaze Nystagmus(HGN). I noticed Watkins never looked directly at the stimulus(my silver pen). Watkins eyes were to the left of the stimulus for the entire test. Watkins was able to follow the stimulus with both eyes but his eyes would pause and then make one quick single jerking motion in the direction the stimulus was moving. While asking Watkins questions and getting him to perform the sobriety test Watkins passed out several times and had to be woke up so we could continue with the test. I asked Watkins if he would submit to a blood draw. Watkins said he would submit to a blood draw because he was not drunk.

I transported Watkins to CMC Morganton where he submitted to a sample of his blood to be taken. I had to wake Watkins up just to get the blood draw.

I transported Watkins to the Magistrate's office where I served him with a Magistrate's order for DWI, a warrant for arrest for simple possession of SCH IV CS and simple possession of SCH II CS. I also arrested Watkins by citation for possession of nontaxable alcohol beverage. I had to wake Watkins up to read him his warrants.

I transported Watkins to the Burke Catawba Confinement Center and placed him into their custody.

I placed 16 Alprazolam .5mg and 6 Percocets in evidence under tag #21330.

A photograph of the nontaxable alcohol(white lightning) will be attached to this report. Sgt. Lackey witnessed me destroying the alcohol.

The Alprazolam, percocet, and the alcohol were all found laying among the debris from Watkins scooter, along with his other personal belongings.

The blood sample is being sent to the SBI for testing.

All information was verified and update in RMS for this report.
