RICHARDSON, MATTHEW BRENT				107203

The defendant approached the checkpoint in the lane closest to the movie theater on Green St. That lane was shut down with a patrol car which was helping to funnel traffic into a single travel lane. He had his window down and came to a stop about 20 feet behind the patrol car. I was about 10 feet from him and told him to pull into the center lane that he couldn't go straight in the lane he was in. He looked at me and asked if he could go on. I approached him and told him no that he could not continue in the lane he was in. At this time I noticed the defendants eyelids were very droopy. There was also a strong odor of alcoholic beverages coming from inside the vehicle. I had the defendant park his truck in a parking space in front of the theater.

I had the defendant exit the vehicle to perform a battery of SFST's. The defendant had poor balance and was swaying as he stood and walked. The defendant cooperated with the HGN/VGN test. I started the walk and turn test and got through the instruction stage. After I showed the defendant how to perform the test he refused to do it stating he could not do it. I had him recite the alphabet from the letter G-Y (I did make sure he knew the alphabet prior to doing the test.). He started at H. He recited H-I-J-M-O-U-Y. The defendant said he could not do any of these tests. I escorted him to my patrol car and gave him an alcosensor test (2 at least 5 minutes apart). Both tests were positive for the presence of alcoholic beverages. During the time between the tests he had to lean against a light pole for support.

I formed the opinion that he had consumed a sufficient amount of an impairing substance to appreciably impair the defendants mental and physical abilities. I believe that he was impaired by alcoholic beverages. I placed him under arrest for DWI at that time.

I brought the defendant to BCDF for the intoximeter test. When he was read his chemical test rights he wrote what he believed to be the correct time on the side of the rights form. He wrote 10:18, however the actual time was 12:23 pm. He requested to call people and was given access to his cell phone. He made several calls. At the end of the observation period I administered the intoximeter test.

We went before the magistrate and he was placed in jail under a secured bond.

The defendant bragged to me about how he had beaten 3 other DWI charges before. He stated he had served federal prison time and wasn't't worried about jail. He also stated that the time of the processing and investigation had been wrong.
