Collette @Suntrust. Captain Whisnant observed the Jeep strike the curb to the right on North Green Street and continue to weave in the travel lane.

Captain Whisnant conducted a traffic stop on Catawba Street and identified the driver as Andrew Higgins by asking for license. Whisnant immediately noticed Higgins's red, glassy eyes and an odor of an alcoholic beverage emmitting from the vehicle. Capt. Whisnant noticed difficulty when engaging Higgins's divided attention by asking a question after a directive was issued-ie, presenting license and asking where he lives.

I returned to my patrol vehicle and asked that back-up officer continue to my location. PSO Connor arrived and I briefed him on the stop and my initial findings. PSO Connor asked Higgins to perform a battery of SFST, which I observed and formed an independent opinion that Higgins physical and mental abilities were impaired from alcohol.

PSO Connor arrested Higgins and transported him for an intoximeter.

On August 2, 2014 at approximately 0305, I responded to 100 E Catawba St to provide backup for Capt Whisnant's vehicle stop. When I arrived Capt Whisnant advised he had got behind the vehicle and witnessed it hit the curb and almost strike the curb in several places before he conducted a traffic stop. Capt Whisnant advised he smelled the odor of alcoholic beverage. I approached the driver side of the vehicle and as I got closer to the driver side window, I smelled the odor of alcoholic beverage. I made contact with the driver, Andrew Lee Higgins. Higgins advised me he had a couple of beers approximately 0130. Higgins speech was slurred and had a delayed response when I asked him questions. I asked Higgins if he would submit to Field Sobriety Test in which he consented. I had Higgins step to the front of Capt Whisnant's vehicle. I patted Higgins down for weapons at which point I came to a small round object. I asked Higgins if I could take it out of his pocket and lay it on the hood. Higgins paused for a brief second and consented to me removing the small round object out of his front pocket. I pulled the round metal object with a black cap out of his pocket and asked him what it was. Higgins reported it was a bowl used for smoking marijuana. PSO Huffman and her K9 Shrek arrived on scene. During the time PSO Huffman and K9 Shrek were sniffing the vehicle I had Higgins doing Field Sobriety Tests in which he performed poorly. Capt Whisnant administered a roadside PBT test which returned a positive reading for alcohol. PSO Huffman advised me her K9 had alerted to the vehicle. A search of the vehicle yield 7 items of drug paraphernalia. Of the items located were pipes and bowls used for smoking marijuana along with a pair of small pliers used for holding a marijuana roach while smoking. All these items were located in a wooden cigar box. When Higgins saw us with the box, Higgins reported he did not know those were still in there. I asked Higgins if he had smoked Marijuana lately and he reported he had not. Higgins reported he had taken his prescription Latuda at 2030 on August 1, 2014. I formed the opinion the defendant had consumed a sufficient quantity of an impairing substance such that his mental and physical faculties were appreciably impaired. I placed Higgins under arrest for DWI and possession of drug paraphernalia. I transported Higgins to Burke Catawba for a breath sample. PSO Stotts was the chemical analyst who administered the test. I transported Higgins to the Burke County Magistrate's Office were he was issued a custody release for DWI. I issued a citation to Higgins for possession of drug paraphernalia. I transported Higgins to Burke Catawba where I placed him into their custody.

I placed the evidence in the evidence room slot at MDPS under tag # 21248.
