HAYES, PERRY WAYNE JR			2690818

marijuana a couple of days ago. I asked him about Heroin use and he advised he was user who had just recently relapsed. He advised yesterday he had used. I asked him if there was anything in the vehicle and he advised he had some paraphernalia in a cardboard box in the passenger floorboard. I opened the box and located several needles and bloody tissues. Inside the center console I located a metal spoon. There was a small black belt also lying on the seat. He advised he was heading to work.

I conducted some field sobriety tests on Mr. Hayes on the roadside which was level between his vehicle and the responding fire truck. On the HGN test I only observed lack of smooth pursuit. On the walk and turn Mr. Hayes took ten steps and then did an "about face" and missed his next step when he began walking again. On the one leg stand he raised his right leg however he did not raise it the proper distance from the roadway surface.

Mr. Hayes was arrested for DWI. He was transported to the hospital by Officer Crouse. At the hospital I was met with Officer Abernethy who requested the blood draw. Mr. Hayes submitted to the blood draw. Mr. Hayes was then transported to the police department by Officer Abernethy where he conducted a DRE Exam.

I placed the blood kit into evidence.

Mr. Hayes was given a written promise to appear by Magistrate Brannon.
