appearance. There was also an open can of Michelob Ultra in the center cup holder. I asked the defendant for his license and had him step from the car. As he got out I saw a bottle cap for beer in the drivers seat.

- I had another PSO move his car from the road and took the defendant to an area in the PVA of Moose Motors to conduct some sobriety tests. The defendant showed indicators of impairment when performing the SFST's and tested positive for the presence of alcohol when tested on my alcosensor. He stated it was ok to search his car when I asked and I found an open 12 oz bottle of Michelob Ultra (nearly empty) stuffed between the passenger seat and the center console. There was also an open 6 pack of Michelob Ultra (bottles) in the passenger floorboard. It was missing 1 bottle.
- I formed the opinion that the defendant had consumed a sufficient amount of an impairing substance to appreciably impair his mental and physical abilities. I believe that he was impaired by alcoholic beverages. I placed him under arrest for DWI at that time.
- I brought the defendant to BCDF and he submitted to an intoximeter test when requested. We then went before the magistrate and he was placed in jail under a secured bond.
