ARREST REPORT (Additional Narrative)

Agency Name	ORI	Date/Time Arrested	OCA
Morganton Department Public Safety	0120100 B000	08/24/2014 00:14	201405572
Arrestee Name			Arrest Number
EPLEY, JOSHUA KENNETH	106672		

The red pontiac firebird pulled out of the PVA and turned right traveling out of the city. When I turned my emergency lights on at Salem Rd the red pontiac began to slow down but continued traveling in the same direction. The vehicle continued to travel south away from town for approximately 1/3 of a mile. The vehicle then pulled onto Regina Dr and then finally stopped.

While I was approaching the vehicle I detected an odor on alcohol emitting from the passenger area of the vehicle through the open drivers window. I asked the driver (Joshua Epley) for his license and registration. Epley handed me the registration belonging to the chevrolet with plate number being CJC-4745. Epley then handed me an ID card. I asked Epley if he had a license and he stated "is that not it" and I advised him that it was an ID card. Epley then handed me his license from the center console. I asked Epley if he had been drinking and he answered no. While I was speaking with Epley he would not look directly at me and I was unable to notice if his eyes were red or glassy.

I asked Epley to step out of the vehicle to determine if the smell of alcohol was coming from him or something in the vehicle. Once Epley was out of the vehicle I could still smell a strong odor of alcohol coming from Epley's person. While observing Epley I noticed he needed a cane to walk and had his left ankle wrapped in a brace.

I attempted to initiated a field sobriety test (horizontal gaze nystagmus) to form my opinion on Epley. The horizontal gaze nystagmus test has been scientifically proven to be the most reliable of any field sobriety test (Four of six clues present indicates a 88% likelihood that the offender has an alcohol concentration of 0.08 or greater). While beginning to instruct Epley on how to perform the HGN test he turn his head away and became very defensive. During the short time Epley was looking at the stimulus (tip of pen) I noticed his eye were red, glassy and dilated. I asked Epley if he would willingly perform the HGN test or the Alco-sensor test and he answered no. Capt Christy advised Epley he is about to be arrested for DWI and if he had not drank any alcohol the test would prove that there is no alcohol on his breath. If so Epley would be free to leave, however he refused to perform the Alco-sensor test.

I arrested Epley for driving while impaired and transported him to Burke Catawba for the Intox EC/IR II test to which he refused. While at Burke Catawba Capt Christy advised me (via phone) he located a pistol in the passenger seat of the vehicle and also located marijuana in the glove compartment of the vehicle I stopped Epley in. The marijuana was in a large medication bottle from a pharmacy with Epley's information on the bottle. Capt Christy seized the items along with the fictitious registration plate that was on the vehicle. The pistol was wrapped in a stripped polo shirt with the bullets in the passenger door pocket and the magazine wrapped separately in the same shirt.

I transported Epley to CMC Morganton for a blood draw after the search warrant was issued. His blood was taken by hospital staff and will be sent for testing. The blood kit will be sent to SBI for testing.

I then transported Epley back to the Magistrates Office were he received a custody release as a bond for driving while impaired, fictitious tag, carrying concealed weapon, and possession of marijuana less than a 1/2 oz. I then transported Epley to Burke Catawba where he would able to contact someone for his release.

The vehicle was towed by Wells and Seals.

All items were placed into evidence under tag # 21328.

All information verified at the time of this report.
