ARREST REPORT (Additional Narrative)

vehicle sustained a small scratch on his cheek, however his parents refused medical treatment on the scene. When I checked on Poteet, I noticed he appeared dazed and confused. He also refused any medical treatment.

As I was gathering information from all the parties involved, Sgt Lackey approached me and stated that he could smell a strong odor of alcohol coming from Poteet. Sgt Lackey later informed me that Poteet gave two breath samples for his Alco Sensor and both results were positive for alcohol with the results being .26 B.A.C. I finished gathering up all necessary information and spoke with Poteet. I noticed his eyes were very glassy, he had very slow speech and he had a very strong odor of an alcoholic beverage coming from his breath. Based on totality of the circumstances, it was my opinion that Poteet had consumed a sufficient quantity of an impairing substance to cause an appreciable impairment of his mental and physical faculties. I detained Poteet and transported him to Burke Catawba Detention Facility for additional testing.

I read Poteet his Rights of a Person to Submit to Chemical testing and his Miranda Rights. Poteet refused to sign either form. I asked Poteet for two breath samples for the EC/IR II. Both samples came back with a .28 B.A.C. As I was administering the breath test Poteet commented, "Man I hit that car hard, I fucked that Jeep up". When we were leaving BCDF he made a comment toward the jailers to "not go anywhere". Poteet then looked at me and said, "I guess smart ass remarks won't help me right now". I transported Poteet to the Magistrate's office where he was charged with DWI and failure to reduce speed necessary to avoid a collision. Poteet was given a custody release and turned over to his wife. All subject information is current at the time of this report. See accident report under the same OCA #.
