parking lot and come back with a truck at a later time. While talking to Denton I could smell the odor of an alcoholic beverage coming from him person. I requested that he provided a sample of breath to a roadside alco-sensor. The results confirmed my suspicions that he had consumed enough of an impairment substance to noticeably impair his mental and his physical capabilities. I requested that he perform three sobriety tests HGN, walk and turn and the one leg stand. His performance was very poor. I placed him into custody and transported him to the Burke-Catawba Detention Facility. While there I requested that Denton provide a sample of breath to an intoximeter with the results of 0.15 bac. He was then taken before the magistrate via video conferencing. He received a bond of 1000.00 dollars and turned over to the Burke-Catawba Detention Facility to await release.
