KERLEY, CHARLES JONAH				107228

The defendant approached the checkpoint and came to a stop at my location. I asked the defendant for his license. He showed me his license which was in a holder. I asked him to take it out, but he did not. I detected the odor of alcoholic beverages coming from inside the vehicle and saw several beer cans on the floor near the front passengers feet. I asked who had been drinking and the passenger (Nathaniel Kerley) stated he had and admitted to having an open container. I had the defendant pull off the road to investigate further and cite the passenger.

- I had the defendant and passenger exit the vehicle and noticed that the odor of alcoholic beverages remained about the defendant. I also noticed that his eyes were bloodshot in appearance. I asked him how much he had drank and he stated "too much". The defendant was 19 years old at the time. I checked him with my alcosensor and it was positive for the presence of alcoholic beverages. I had him perform a battery of SFST's and saw indicators of impairment during his performance.
- I formed the opinion that the defendant had consumed a sufficient amount of an impairing substance to appreciably impair his mental and physical abilities. I believe that he was impaired by alcoholic beverages. I placed him under arrest for DWI and provisional licensee driving after consuming.
- I brought the defendant to BCDF and he made several calls while we were there. No witness showed up and I conducted the test at the end of the observation period.

We went before the magistrate and the defendant was released to his father who met us there.
