five. While following the vehicle approximately two miles the driver touched the yellow line twice and the white line once. The vehicle also went into a turn lane in front of Catawba Meadows then drifted back into the correct lane of travel. Once I turned my blue lights on to make the traffic stop, it took the driver approximately forty seconds to come to a stop. The vehicle came to a stop on the right side of the road in the right turn lane to turn onto North Green Street. While walking up to the vehicle I noticed the driver did not turn the turn signal off once he stopped. I walked up to the drivers side of the truck and spoke with the driver Steven Killian. Immediately I could smell a strong odor of alcohol in the vehicle. While speaking with Killian I could tell it was coming from his breath and that his speech was slurred. I asked Killian if he had anything to drink tonight and he said no. I told him I could smell alcohol and he told me that is was coming from the passengers in the truck. I gathered Killians information as well as the two passengers information. The passengers were Amanda Ellison and Paul Strickland. I went back to my patrol car to check warrants on all three people and they all came back negative. At this time Sgt Buchanan arrived with an alcosensor. I asked Killian to step out of the vehicle and come to the front of my patrol car. When Killian got out of the vehicle I could smell the alcohol stronger and could tell his eyes were glassy and blood-shot. After Killian got out of the vehicle he did not close the door behind him and turned his back to me. I told Killian to close the door and step back to the front of my vehicle. Killian then walked back and once again turned his back to me. I then told him again to face me. I asked Kilian to give a breath sample into the alcosensor and it tested positive for alcohol at .16. I then asked Killian to do field sobriety tests and he agreed to. I asked Killian to do HGN, walk and turn, one leg stand, and Romberg Balance. Killian performed poorly on all four tests. I then placed Killian under arrest for driving while impaired and transported him to Burke/Catawba Jail for processing. Killians vehicle was left secured at the scene upon his request.

Once at Burke/Catawba I began observing Killian for thirty minutes. He called one witness, his wife, but she never came. After the thirty minutes passed I requested that Killian give a breath sample into the Intoxometer EC IR II and it registered .11.

While at Burke/Catawba Killian told me he knew he was "borderline drunk" and thought he might be okay to drive.

I then transported Killian to the Burke County Magistrates Office where he was given a custody release. I advised Killian of his court date and that his license were now revoked for thirty days.
